## **RESIGNATION OF DIRECTOR**

The Board of Eco Quest Limited advises that Mr Stewart Pyrah has tendered his resignation as a Director of the Company.

The Board is pleased that Stewart will continue to contribute to the Eco Quest business as a sales and marketing consultant, with a particular focus on the development of the Company's international business from his base in the United Kingdom.

### **About EcoQuest**

EcoQuest Limited (ASX: ECQ) is a globally focused clean technology business based in Perth, Western Australia, and is listed on the Australian Securities Exchange (ASX: ECQ) and traded on the German Third Market.

EcoQuest is focused on developing and applying the latest technologies to create products with improved environmental benefits, but still maintaining excellent consumer performance.

The first product in the EcoQuest stable is its Little Takas nappy range - a 90 per cent biodegradable disposable nappy designed for composting, which combines all the performance benefits of current market leading nappies with additional benefits for babies and our environment.

EcoQuest nappies have been tested in accordance with Australian Standard AS4736-2006 Biodegradable Plastics. At the conclusion of six months independent scientific testing, the nappies achieved 90 per cent of the maximum theoretical value for biodegradation.

A rigorous program of independent consumer testing of the new nappy with mothers and their babies has now also been completed, with strong results. It has already received strong interest from potential commercial customers throughout the world.

EcoQuest's intellectual property is focused on non-woven disposable products. Further products in planning include biodegradable disposal nappy sacks and incontinence products.

For more information about EcoQuest visit its corporate website at [www.ecoquestltd.com](http://www.ecoquestltd.com).
