Board Change

The Board of Eco Quest Limited (ASX: ECQ) advises that it's Interim Managing Director, Mr Matthew Hiscox, has today reverted to his former role of Director of Sales & Marketing and General Manager Australasia.

The change was necessary due to increasing demands on Mr Hiscox's time in relation to the sales and marketing functions of the Company.

The Board of Eco Quest will oversee the management functions of the Company until such time as a suitably qualified person is found to take on the role of Global Managing Director, as we role out the Little Takas range of environmentally friendly products internationally.

The international role out is planned to commence in the UK, where the investment community is already showing interest in EcoQuest.

About EcoQuest

EcoQuest Limited (ASX: ECQ) is a globally focused clean technology business based in Perth, Western Australia, and is listed on the Australian Securities Exchange (ASX: ECQ) and traded on the German Third Market.

EcoQuest is focused on developing and applying the latest technologies to create products with improved environmental benefits, but still maintaining excellent consumer performance.

The first product in the EcoQuest range is a 90 per cent biodegradable disposable nappy, called *Little Takas*, designed for composting, which combines all the performance benefits of current market leading nappies with additional benefits for babies and our environment.

EcoQuest nappies have been tested in accordance with ISO 14855-1:2005. At the conclusion of six months independent scientific testing, the nappies achieved 90 per cent of the maximum theoretical value for biodegradation.

A rigorous program of independent consumer testing of the new nappy with mothers and their babies has now also been completed, with strong results. It has already received strong interest from potential commercial customers throughout the world.

EcoQuest's intellectual property is focused on non-woven disposable products. Further products in planning include biodegradable disposal nappy sacks and incontinence products.

For more information about EcoQuest visit its corporate website at www.ecoquestltd.com.au.
